

THE TELEPHONE TROUBLES.
Judge Bush Fails to Sustain the Injunction Suit of the Bell Phone Company, Who File a Bill in Equity in Circuit Court.

The telephone war is not over yet. Though the Saline county Telephone company is proceeding with the erection of its poles on East Arrow and North Sts., and the Bell force has quit night work and trying to steal marches on the rival company, a bill in equity against this home company has been filed in the circuit court, which will come up in the October term, and if successful, will mean the pulling down of the poles now in course of erection. Furthermore, one of the attorneys for the Mo. & Kas. or Bell Line, stated to a reporter of the REPUBLICAN, that injunction proceedings would again be filed against the Saline county Telephone company if work should be commenced on any other streets, upon which they have lines, if placed so as to conflict with their service, in some other court than that in which the last was tried.

The injunction proceedings of the Missouri & Kansas Telephone company, which were heard Tuesday in the Probate court, in the absence of the judge of the circuit court, were not sustained by Judge Bush, the petition not being specific enough in its allegations, according to his decision. Failing in this suit was filed in the circuit court by the Mo. & Kas. Tel. Co. against the Saline county Telephone company, for trespassing on the right-of-way, with injury to the lines and service of the plaintiff.

Entertained the Teachers.

Hon James Conroy and wife gave a reception to the Saline county teachers Wednesday evening at their pleasant home on Eastwood. The veranda and grounds were brilliantly illuminated by Japanese lanterns in a variety of patterns. Rustic chairs and benches were arranged throughout the grounds for the comfort of the guests. The Marshall Mandolin Club dispersed sweet music during the evening, and was highly appreciated by those present. Misses Estelle Duwe, Ora Walker, Emma Abbott and Edna Currell were among the teachers who assisted Mrs Conroy in receiving the guests, while all of the Marshall teachers assisted in entertaining the visitors.

Fruit, nut and chocolate waters were served in the dining room by Miss Edna Oliver, Lily Spaulds and Kate Swanson and others. This was the only room that was decorated for the occasion and very beautiful did it appear in its dress of asparagus ferns, yellow tulips and marigolds. There were something like 150 teachers present and the evening with all and Mrs Conroy was indeed a pleasant ending to the Institute and gave the visiting teachers a happy opportunity of knowing each other better.

What does it do?

It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended.

It cleanses the scalp from dandruff and thus removes one of the great causes of baldness.

It makes a better circulation in the scalp and stops the hair from coming out.

II Prevents and II Cures Baldness

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.

Would you like a copy of our book on the Hair and Scalp? It is free.

If you do not obtain all the benefits you expect from the use of the Vigor write the Doctor at 12, Ayer's, Lowell, Mass.
